360 Gold Telemetry Load Links

Measurement of Tensile Load in Heavy Industry Applications

Load Cell Features

- Full O'ring Sealing
- Full 360° (200 meter) Signal Transfer
- Internal Antenna- No External Parts
- Linear Construction
- Reverse Voltage Protection
- 1000 Plus Hours Life on 3 x AA Batteries
- Fully Anodized Finish
- Simple Battery Change Out
- Capacities Available from 5 to 500 Tonne
- 5 to 50 Tonne Units are Supplied in a Case
- 75 to 500 Tonne in a Hinged Wooden Crate
- Four Switch Able Units Lbs/Tons/ Kgs/ Tonnes
- Certificate of Calibration
