

Sheltered/calm waters,
Low current

All seams radio-frequency (RF) welded
Stainless steel hardware / fasteners

FENCEBOOM - 36

Foam Filled Boom

FenceBoom is a solid buoyancy, fence-type boom for spill containment and recovery operation in relatively calm waters.

FenceBoom is one of the most economically priced booms available while still providing excellent performance and durability.

FenceBoom offers the smallest storage volume of foam filled boom types, and can be stored on pallets, in containers, or on BoomReels.

TOP FEATURES

- Available in a wide range of heavy-duty PVC coated fabrics
- Custom sizes available
- Available with optional additional vertical stiffeners and top tension members for increased performance in rougher conditions
- Economy model available with polystyrene floatation
- Cylindrical foam floatation (rolled polyethylene) for maximum memory characteristics. Will retain shape, will not crush or break into pieces.
- Corrosion resistant ASTM style marine grade aluminum connectors. Shotgun (H) connectors available.
- Heavy duty galvanized steel ballast chain

FENCEBOOM - 36

	Imperial	Metric
Boom Height	36 in	900 mm
Freeboard	12 in	300 mm
Draft	24 in	600 mm
Standard Length	50 ft	15 m
End Connectors	ASTM-standard extruded aluminum connectors	
Skirt Material	PVC-coated polyester	
Skirt Weight	22 oz/yd ²	750 g/m ²
Color	Orange standard, others available	
Flotation Material / Shape	Rectangular closed cell, flexible, oil resistant polyethylene foam	
Flotation Size	2 in thick x 5 in tall	50 mm thick x 152 mm tall
Boom Weight	2.4 lbs/ft	3.6 kg/m
Buoyancy	3.9 lbs/ft	5.8 kg/m
Buoyancy/ Weight Ratio	1.6:1	
Ballast/Tension Member	3/8" (10 mm) Grade 30 galvanized chain	
Chain Pocket	Single layer, fully enclosed
