FOAM FILLED BOOM

All seams radio-frequency (RF) welded
Stainless steel hardware / fasteners

FenceBoom 18 - Sheltered/calm waters, low current

FenceBoom is a solid buoyancy, fence-type boom for spill containment and recovery operation in relatively calm waters. FenceBoom is one of the most economically priced booms available while still providing excellent performance and durability.

FenceBoom offers the smallest storage volume of foam filled boom types, and can be stored on pallets, in containers, or on BoomReels.
